🖨 Printer/Media Accessories

Platen Roller
Part No: 910400024880
User-installable platten roller for dispensing printed labels.

| Linerless Platen Roller |
| --- |
| **Part No: 203-185-500** |
| User Installable non-stick platten roller for dispensing printed labels when using linerless media stock. |

| Cleaning Card |
| --- |
| **Part No: 1-110501-00** |
| The cleaning card accesory removes adhesive or other contaminents from the printhead or platen roller. It is suggested that a new cleaning card be used with each new roll of media. Box of 25 cleaning cards, each 4.5x6 inches. (All HSM printing models.) |

Printheads
Part No: 201-031-420 (203 dpi)
**   201-031-430 (300 dpi)**
User-installable 203 or 300 dpi printhead can be installed on any PD43 and PD43c models. RoHS compliant.

Printer/Media Accessories

Ribbon Adapter
Part No: 225-781-001

User-installable ribbon adapter enables use of one-inch diameter ribbon cores without notch.

Label Taken Sensor Module
Part No: 213-040-001

User-installable label-taken-sensor provides ability to continue serial printing only after label or ticket is removed from the front of the printer. (All RoHS compliant.)

Flat Top Window
Part No: 213-038-001

The flat-top window is a user-installable, see-through cover installed on the top of the media cover. It allows PD43 to fit into more space-constrained environments.

Airline Boarding Pass Shelf
Part No: 203-943-002

The user-installable, fanfolded boarding pass shelf provides for secure storing of boarding passes, and ensures a safe path toward the print mechanism before being printed.

Printer/Media Accessories

Airline Boarding Pass Tray
Part No: 213-037-001

The user-installable airline boarding pass tray holds up to twenty boarding passes as they are cut. They tray is attached to the cutter unit.

Cutter Tray
Part No: 203-188-100

The user-installable cutter tray holds up to twenty labels as they are cut. It attaches to the cutter unit.

Cutter Module
Part No: 213-036-001

The user-installable cutter module with label taken sensor (LTS) is programmable for full or partial cuts.
(All models RoHS compliant.)

Label Dispenser
Part No: 213-034-001

The user instalable Label Dispenser Module with Label Taken Sensor (LTS) stips off the paper backing or liner to present only the label).

🖨 Printer/Media Accessories

Extended Media Holder
Part No: 213-035-001
The extended media holder can be attached to the PD43c, providing a hanger for one media roll. The holder comes with attachment screws and an instalation guide.

Connectivity Accessories

Ethernet Extension Cable
Part No: 213-039-001

User-installable Ethernet extension cable allows for Ethernet connection to be accesable from the back of the printer. (All models RoHS compliant.)

USB to Serial Adapter
Part No: 213-033-001

The USB to RS-232 adapter connects the printer's USB Host (Type A) port and provides a serial RS-232 (Female DB9) connectivity. Cable length is 1.8 m (5.9 ft). Serial flow control: Xon/Xoff, RTS/CTS. (All model RoHS compliant.)

USB to Parallel Adapter
Part No: 203-182-110

The USB to Parallel adapter connects to the printer USB host (type A) port and provides Parallel (DB25) connectivity. Cable length is 1.8m. Operations modes: Compatibility, Nibble, Byte (All models, RoHS)

USB-A to USB-B Cable
Part No: 321-576-004

The USB-A to USB-B cable connects the printer's device port (Type B) to a PC Host (Type A) to enable USB connectivity. Cable length is 2 m (6 ft). (All models RoHS compliant.) Note: This cable ships standard with each printer.

Power Accessories

Power Adapter
Part No: 203-186-200
Universal power adapter for PD43c (RoHS compliant).
